TO: Whom It May Concern
From: Mercury Development FZCO
Subject: Letter of Appreciation

NINE SIX ONE Mechanical Contracting Company has completed successfully installation/and commissioning of mechanical, plumbing and fire systems in one of Mercury Development projects in Djibouti Africa for a US NAVY LEED silver rated facility.

Other than their professional performance on site, **NINE SIX ONE** have showed high commitment to completion of the project as scheduled and per the book of specification, they have also showed remarkable cooperation with their client and other subcontractors in the same project.

Sincerely
Charbel Sakr
Project Electromechanical Project Manager
